

MIRAI short course for PhD – Sustainability

Topics: **"Membranes for a sustainable future"**
Date: 17 – 21. November 2019
Location: Lund, Sweden

Preliminary program (Subject to changes):

17 November (Sunday)

18:00 Dinner (for Japanese participants)

18 November (Monday) – Lund Chemical Centre - Max IV

Topic: Membrane fouling and fouling analysis
Time: all day (start 9:00)
Lecturers (confirmed): Takeo Yamaguchi, Tokyo Tech
Gregor Rudolph, Lund University
Tuve Mattsson, Calmers
Tommy Nylander, Lund University
Visit: Max IV

19 November (Tuesday) – Copenhagen

Topic: Membrane production
Time: all day (start 9:00)
Visits: Aquaporin, Copenhagen (Denmark)
Liqtech, Copenhagen (Denmark)

20 November (Wednesday) – Lund (International office)

Topic: Membrane processes for water and wastewater
Time: all day (start 9:00)
Lecturers (confirmed): Tobias Hey, COWI
Federico Micolucci, Lund University
Alexander Keuken, VIVAB
Visit: Kulturen

21 November (Thursday) – Lund (Chemical Centre)

Topic: Membrane production
Time: all day (start 9:00)
Lecturers (confirmed): Aji Mathew, Stockholm
Visit: Pilot facilities MemLab
